OBJECTIVE

Fullstack Developer passionate about building scalable solutions that solves Real-World Problems.

SKILLS

- **Programming Languages:** Python, Javascript, C (Basics), Java (Basics).
- **Technologies/Frameworks:** HTML5, CSS3, ReactJs,TailwindCSS, Node.js, MongoDb, MySQL, Bootstrap,AWS,Git & Github, Appwrite, Firebase, Vercel.
- **Soft Skills:** Cri tical Thinking, Problem Solving, Team Collaboration, Adaptability.

EDUCATION

Bapuji Institute of Engineering and Technology, Davangere   **2022-2026**

Bachelor of Engineering, Computer Science - 8.87 CGPA

Smt. Vidya P Hanchinmani Science College,Dharwad   **2020-2022**
PCMB - 93.8%

PROJECTS

- **Trivia Quiz** - Trivia Quiz App

  HTML5,CSS3,JavaScript,***Firebase.***
  - Built a cross-platform trivia quiz app using HTML, CSS, and JavaScript, integrated with Firebase for real-time leaderboard, authentication, and data sync. Incorporated engaging 3D
  - animations with Three.js to enhance the gameplay experience and user interaction.

- **KISAN VISION INDIA** – Smart Crop Analytics & Advisory Dashboard

  React.js, Tailwind CSS, D3.js, Gemini API, TypeScript
  - Created a dashboard showing crop yield trends across 28 states using interactive maps & charts.
  - Deployed AI chatbot in 6+ Indian languages to assist farmers via Gemini API.

- **StudyMate**- AI-Powered Student PDF Analyzer with Interactive Q&A Capabilities

  React,Tailwind CSS,Node.js,IBM-Mistral from Hugging Face.
  - Developed <StudyMate,= an intelligent PDF analysis platform using Hugging Face, React, Tailwind CSS, and Node.js. Integrated a Python-based AI model to process and understand uploaded PDFs, enabling users to ask queries and receive precise answers based on the document content. Implemented secure backend architecture with Node.js for handling file uploads, API requests, and real-time query processing.

CERTIFICATIONS

- **Become an AI Agent Architect -** IBM SkillsBuild (2025)
- **Generative AI Profestional -** *Oracal* (2025)
- **MongoDB Associate Developer -** MongoDB (2025)

ADDITIONAL INFORMATION

- **Hackathons / Competitions:**
  - **HACKTECH_FUSION 3.0,** a 24-hour state-level hackathon **Runner-Up.**
  - Finished at **3rd Place** in **Byte Code 1.0** Coding Competition.
  - Finished at **Top 5** in **Code Quest 2.0** Coding Competition.
- **Problem Solving :** Problem solved in Hacker Rank,GFG and Solved **250+** Problems in **LeetCode .**
- **Languages:** English (Professional),Kannada, Marathi(Native), Hindi
- **Interests:** Competitive Programming, Exploring Latest Technologies.
- **Hobbies:** Singing ,Dancing , Reading Books.
